

Rally by the Numbers Part 1 Report by Joe and C.P.

Everyone had a great time...lots of fun. This was an easy rally as it was designed as a prelude to the Rally by the Numbers Part II which will be held in November. The questions/answers were obvious and fun to find. Everyone made it through in record time without having to hurry which resulted in an early finish at Nimbus. We had to wait about 15-20 minute until they opened for business. But we were able to use the restrooms and sat on the patio and engaged the passing trains in a whistle blowing contest. The weather could not have been more delightful.

Congratulations to all who participated. Here are the results:
